### School's aims and values statement

Professionals who work with children and young people who have a special educational need should strive to enable them to achieve at school and college, and make a successful transition to adulthood, including finding paid work, living independently and participating in their Community. (Vision statement, Code of Practice 2014)

## **Philosophy**

#### The school community believes that:

- All pupils are equally valued and the school has high aspirations for all
- All pupils are the shared responsibility of all staff
- All pupils are entitled to a broad and balanced curriculum which is personalised and focused on outcomes.
- Teaching and learning will be adapted to suit the needs of learners and recognise different routes to achievement
- Early and accurate identification is essential
- There will be a flexible continuum of provision for pupils with SEND
- SEND and high needs funding will be used efficiently to ensure good progress of pupils with additional needs
- Staff will be given appropriate training to allow them to meet a wide range of needs
- Parents will be fully involved as partners in their child's education
- Pupils will be encouraged to give their views on what learning is like for them
- Governors should have access to information which will allow them to monitor and evaluate the effectiveness of the SEND policy

## **Principles**

A child is defined as having Special Educational Needs (SEN) if they have a learning difficulty which calls for special educational provision to be made or if he or she finds it much harder to learn than children of the same age.

A learning difficulty means that the child either:

- a) has significantly greater difficulty in learning than the majority of children of the same age
- b) has a disability, which either prevents or hinders the child from making use of the educational facilities which are provided for children of the same age in a mainstream school

Special educational provision means educational provision, which is additional to, or different from, the provision made generally for children of the same age in a mainstream school. (CoP 2001, due for revision shortly)

Evidence suggests that approximately 75% of disabled children also have a special educational need and these pupils are also protected by the Equalities Act 2010.

Mainstream educational settings must use their best endeavours to secure the special

educational provision called for by the child's or young person's needs.

#### **Procedures**

The Head teacher has the overall responsibility for the provision and progress of learners with SEND. Responsibility for coordination of Inclusion and SEN provision and Arrangements for coordinating Inclusion and SEN provision is as follows:

## Monitoring and evaluating performance

## 'All teachers are teachers of children with SEND' (CoP 2014 5.2)

- Completion of statutory functions by the SENCo related to referral for statement/ education health care plans, termly meetings and annual reviews.
- Use of the NYCC Inclusion Quality Mark (IQM)
- Work scrutiny with selected pupil groups
- Focused monitoring by the SENCo, LA adviser, SEN governor
- Detailed discussions with families and pupils
- Progress through a variety of transitions
- Attendance and exclusions analysis
- Feedback from support agencies and Ofsted
