

Information for parents and carers on COVID-19 vaccination for at risk 5 to 11 year olds

Children aged 5 to 11 years who are in a clinical risk group or who live with someone who is immunosuppressed can get the COVID-19 vaccine, in line with advice set out by the [Joint Committee on Vaccination and Immunisation \(JCVI\)](#). Eligible children include those with diabetes, immunosuppression, learning disabilities, and other conditions as outlined by the [UK Health Security Agency \(UKHSA\) in the Green Book](#).

Vaccinations help to increase protection against COVID-19, which is particularly important for those with underlying health conditions.

Further information is available in the [guide for parents of children aged 5 to 11 years](#) published by UKHSA. We have published some [frequently asked questions](#) on the vaccination programme including information on eligibility, accessibility and advice for parents of children at high risk from COVID-19. Following [advice](#) from the JCVI, healthy 5 to 11 year old children will also be offered two 10 microgram doses of the COVID-19 vaccine. The NHS will prepare to extend this non-urgent offer to all children during April.

Spring Term Parents Evenings

Our parents' evenings this term will be on Wednesday 23rd March from 3.20 p.m. to 6.00 p.m. and Wednesday 30th March from 4.00 p.m. to 6.30 p.m.

This term the parents' evenings will again be held via a video link. The link for you to book a meeting will go live on Monday 14th March at 7.30 a.m.

Please see the attachment with this newsletter with instructions for booking a meeting and see the link for further information of how to attend the video meeting.

Hopefully we will be able to meet face to face in the summer term.
